

ELV Dimmer List

See chart below for available electronic low voltage dimmers:

<u>Series</u>	<u>Model</u>	<u>Power</u>	<u>Voltage</u>
LUTRON <i>Skylark</i>			
Single Pole	SELV-300P	300W	120V
3-Way	SELV-303P	300W	120V
LUTRON <i>Diva</i>			
Single Pole	DVELV-300P	300W	120V
3-Way	DVELV-303P	300W	120V
LUTRON <i>Maestro</i>			
Single Pole	MAELV-600	600W	120V
LUTRON <i>Nova T</i>			
Single Pole	NTELV-600	600W	120V
LEVITON <i>Renoir II</i>			
Single Pole	AWSMT-EAW	692W	277V

Note: The presence of a dimmer on this chart is not a guarantee of the compatibility with all LSI electronic low voltage dimmable fixtures. LSI recommends testing with the specified dimmer if the exact dimming performance is required. Please refer to the dimmer manufacturer's instructions for installation and further information.
